

Outdoor Education Program Reviews

From the Association for Experiential Education Accreditation Standards (AEE):

'Like the writer who misses typos after repeatedly proofing their own work, an outdoor program that solely inspects its own activities and procedures, is at risk to miss concerns and issues that are close to them.'

From Steve Pace, M.S.W. - Director of Accreditations and Certifications at AEE:

"There are only a handful of consultants that I recommend to adventure education programs when I am asked, and Dan is at the top of the list. He is an expert in the areas of field risk management, outdoor program administration, and creative facilitation."

What We Offer

- Policy and Procedure Review and Revision
- Incident Reporting System Audit
- Technical Program Review (climbing, paddling, etc.)
- Staff Training and Implementation
- Pre-accreditation or Reaccreditation Prep
